

Aquis Farm Operations Pty Ltd  
ABN 34 626 820 497

### **2024 Seasonal Requirements**

All correspondence regarding mares booked to our stallions 07 5543 4732 or [leona@aqisfarm.com](mailto:leona@aqisfarm.com)  
Swab results to [swabs@aqisfarm.com](mailto:swabs@aqisfarm.com)

Seasonal Office Hours  
Mon - Fri: 8am – 4.30pm  
Sat – Sun: 8am – 1pm

### **CONTRACTS**

**All Stallion Service Agreements** need to be returned to the Aquis office PRIOR to the mare being served. We will **NOT** cover any mare without a signed Agreement in place.

**All Agistment and Vet Contracts** to be signed and returned to Aquis office prior to horses arriving to the farm.

### **SWABS**

A **negative 48hr clitoral** swab result is required for Pseudomonas and Klebsiella prior to first service only and the result emailed through to the swabs email noted above.

If a mare returns for service by a different stallion, then a new clitoral swab result will be required.

A **negative uterine** swab result is required on **each heat** for which the mare is to be served.

### **BOOKING MARES IN FOR SERVICE**

Please ensure that as much notice as possible is given when booking mares in for cover. Failure to comply with this will mean priority will be given to others.

### **SCAN RESULTS**

Please notify the Aquis office of all 1<sup>st</sup> and 45 day scan results including those whose status may change.

A 45 day Pregnancy Certificate is required to be signed by your Veterinarian and emailed to the Aquis office.

### **DISEASE CONTROL**

Please advise the office of any mare or foal that has been in contact with any horses that have been infected with Strangles/EHV outbreaks/Rotavirus/Scours. We can then implement procedures to deal with such situations and protect against any cross-contamination between Walk In Farms and ourselves. We reserve the right to decline acceptance of a mare or foal if we believe them to be infected.

### **SAFETY PROTOCOL**

For safety reasons access to the stallion barns and covering sheds is restricted to Aquis staff only.

Aquis Farm Operations Pty Ltd  
ABN 34 626 820 497

### **HENDRA VIRUS PROTOCOL FOR AQUIS**

- All horses arriving to reside at Aquis **MUST** be vaccinated for Hendra or will be vaccinated on arrival
- Vaccinated mares walking in for cover will be treated as normal and do not require a veterinary declaration
- Non-vaccinated mares walking in for service only **MUST** have the following **VETERINARY DECLARATION FORM** filled in and signed by a Veterinarian within 48 hrs of travel and **emailed to office prior** to arrival
- Non-vaccinated mares must not be unloaded until an Aquis staff member has taken her temperature and she will be the last mare served in that session
- **Non-vaccinated mares are not permitted to stay overnight**
